Note for Service and Other Non Professional Coaches:

It has been brought to our attention that the Supreme Court for the Eastern District of Virginia (Decision issued March 10, 2011) has found that FLSA does not apply to our employees that are performing coaching duties. Because you have bid voluntarily into this extra-curricular position that does not require you to do the same type of work as your regular job, you will not be entitled to receive overtime compensation for any hours worked beyond 40 hours in this coaching capacity. You will be paid the stipend that is applicable for all coaches as presented on this extra-curricular pay schedule.

Therefore, beginning with the 2012-13 school year you will not receive overtime payments for coaching duties. Your stipend will be based on the pay-scale for extra-curricular positions, which will be the same for all coaches
